To Whom It May Concern,

John Kirkpatrick was employed as a Library Assitant III at Manoa Public Library from June 1996 through February 1998. During all of that time I was John's supervisor. John has proven himself to be completely dependable and reliable. After an initial learning period John was able to carry out all of the many tasks required of a library assistant. John enjoys working with people and communicates effectively. Please feel free to contact me at Manoa Public Library if you need further information.

Mahalo,

Ken Eiland
